

ASEE 2021 Edition

Engineering & Engineering Technology **BY THE NUMBERS**

Founded in 1893, the American Society for Engineering Education (ASEE) is a global society of individual, institutional, and corporate members. ASEE's vision is excellent and broadly accessible education empowering students and engineering professionals to create a better world. We work toward achieving that vision by advancing innovation, excellence, and access at all levels of education for the engineering profession. We engage with engineering faculty, business leaders, college and high school students, parents, and teachers to enhance the engineering workforce of the nation. We are the only professional society addressing opportunities and challenges spanning all engineering disciplines, working across the breadth of academic education including teaching, research, and public service.

- We support education at the institutional level by linking faculty and staff across disciplines to create enhanced student learning and discovery.
- We support education across institutions by identifying opportunities to share proven and promising practices.
- We support education locally, regionally, and nationally by forging and reinforcing connections between academia, business, industry, and government.
- We support discovery and scholarship among education researchers by providing opportunities to share and build upon findings.
- We support innovation by fostering the translation of research into improved practices.
- We support disciplinary technical researchers by disseminating best research management practices.

ASEE Profiles Survey Team

Joseph Roy, Ph.D. Director, Institutional Research & Analytics
Angela Erdiaw-Kwasie, Sr. Data Analyst
Timothy King, Data Collections Support Specialist

October 28, 2022

The following changes were made from the original published version:

1. Table 9 and 43 reporting 0 male engineering graduates have been corrected.
2. Louisiana Tech revised their degrees awarded submission. The tables reflect that revision.

Engineering & Engineering Technology in 2021¹

Introduction

The American Society for Engineering Education (ASEE) has collected data from engineering, computing, and engineering technology programs in its annual Profiles of Engineering and Engineering Technology (Profiles) since 2001. The data collected reflects detailed demographic headcounts for program enrollment, department tenured/tenure-track faculty, and degrees awarded.

A full report on the effects of COVID-19 on engineering education in the United States will be released in early 2023.

Technical Definitions and Method

Profiles of Engineering and Engineering Technology is produced annually in collaboration with institutions with at least one ABET-accredited program in engineering, engineering technology, or computer disciplines.

Race/ethnicity: ASEE collects enrollment, degrees awarded, and tenure-track faculty numbers by the U.S. Department of Education's Integrated Post-Secondary Education Data System (IPEDS) reporting categories for race/ethnicity.

Underrepresented minority: ASEE uses the definition from prior editions of NSF's *Science and Engineering Indicators* report (<https://nces.nsf.gov/pubs/nsb20201/glossary>): "*this category comprises three racial or ethnic minority groups (blacks or African Americans, Hispanics or Latinos, and American Indians or Alaska Natives) whose representation in S&E education or occupations is smaller than their representation in the U.S. population.*"

Reporting Periods (Profiles 2021):

Fall 2021: institution enrollments, engineering college enrollments, engineering technology college enrollments, faculty head counts, admission requirements and recommendations, and personnel information. Degrees awarded between July 1, 2020 and June 30, 2021. Research expenditures are based on the most recently completed fiscal year ending in 2021.

Research Expenditures: Institutions report all expenditures associated with grants and contracts specifically budgeted for externally sponsored research and associated programs and expenditures associated with all gifts auditably used for research.

¹ This work is part of an ongoing project on the effects of COVID-19 on engineering education funded by NSF-EEC Award #1748840. Any views expressed are those of the individual author and do not necessarily represent the views of the National Science Foundation.

Institutions are instructed to include expended funds provided by the following external sources:

1. Federal government
2. State government
3. Foreign government
4. Industry
5. Non-profit organizations (e.g., foundations)
6. Individuals
7. Local government

Gender: Institutions can report under IPEDS rules for gender or under an expanded set of options:

- Male/female (IPEDS)
- Male/female/non-binary gender/another gender or unknown (expanded gender)

If an institution chooses the binary gender option spreadsheet, it is reporting data to ASEE as it would be reported to the IPEDS survey. Gender for individuals (student or faculty) that is unknown would be reported in a category (male or female) selected by the institution. Under this option, institutions are instructed to include counts for **all individuals** in the required cells.

Full-time staff: As defined by the institution. The type of appointment at the snapshot determines whether an employee is full-time or part-time. The employee's term of contract is not considered in making the determination of full- or part-time.

Full-time student: Undergraduate: A student enrolled for 12 or more semester credits or 12 or more quarter credits or 24 or more clock hours a week each term

Graduate: A student enrolled for 9 or more semester credits or 9 or a student involved in thesis or dissertation preparation that is considered full-time by the institution.

Non-tenure track, teaching faculty: Persons identified by the institution as such as typically those whose initial assignments are made for the purpose of conducting instructions as a principle activity (or activities). They may hold academic rank titles of professor, associate professor, assistant professor, instructor, lecturer, or the equivalent of any of those academic ranks. Graduate instruction (teaching) and research assistants are not included in this category.

Part-time student: Undergraduate: A student enrolled for either less than 12 semester or quarter hours or less than 24 clock hours a week each term.

Graduate: A student enrolled for less than 9 semester or quarter credits.

Research personnel: An occupational category used to classify persons whose specific assignments customarily are made for the purpose of conducting research. Regardless

of title, academic rank, these employees formally spend the majority of their time conducting research (exclude tenure/tenure-track faculty from this count).

Tuition: The amount of money charged to students for instructional services. Tuition may be charged per term, per course, or per credit

Tuition and fees (published charges): The amount of tuition and required fees covering a full academic year most frequently charged to students. These values represent what a typical student would be charged and may not be the same for all students at an institution. If tuition is charged on a per-credit-hour basis, the average full-time credit hour load for an entire academic year is used to estimate average tuition. Required fees include the fixed sum charged that are required of such a large proportion of all students that the student who does not pay the charges is an exception.

Profiles Data Collection and Reporting in 2021–22

The annual deadline for the Profiles survey submission has been January 31 since 2017, and in past years ASEE received 20 to 30 requests for extensions. Since the start of the pandemic in 2020, however, the ASEE has received over 140 requests annually for extensions and worked with institutions to accept data after the deadline. The data reported in the *Profiles of Engineering & Engineering Technology* publication reflect institutional submissions to ASEE as of August 15, 2022. Institutions submitted corrections or updates after the regular cycle for 2022. Any further corrections will not be reflected in this publication, but in the Engineering Data Management System.

Degrees awarded represent the data reported by the following 254 participating institutions:

Abilene Christian University	Carnegie Mellon University
Air Force Institute of Technology	Case Western Reserve University
Alfred University, NY State College of Ceramics	Cedarville University
Arizona State University	Central Michigan University
Auburn University	Central State University
Baylor University	Clarkson University
Boise State University	Clemson University
Boston University	Cleveland State University
Bradley University	Colorado School of Mines
Brigham Young University	Colorado State University
Brigham Young University - Idaho	Columbia University
Brown University	Concordia University, Montreal
Bucknell University	Cornell University
California Institute of Technology	Dartmouth College, Thayer School of Engineering
California Polytechnic State University, San Luis Obispo	Drexel University
California State Polytechnic University, Pomona	Duke University
California State University Maritime Academy	East Carolina University
California State University, Fullerton	Eastern Michigan University
California State University, Long Beach	Embry Riddle Aeronautical University, Prescott
California State University, Los Angeles	Embry Riddle Aeronautical University-Daytona Beach
California State University, Sacramento	Fairfield University
	FAMU-FSU College of Engineering

 Wichita State University
 Widener University School of Engineering
 William Marsh Rice University
 Worcester Polytechnic Institute

Institutions that did not participate but reported at least one degree awarded in 2020-21 to the Integrated Postsecondary Education Data System (IPEDS) were reported using data for the same period reported to the federal government. Included in this were institutions that had at least one ABET accredited program at their institution. All engineering, engineering technology and computer science degrees awarded were integrated into this data. Computer Science degrees awarded at non-participating institutions were uniformly categorized as “Computer Science (outside engineering)”. The following institutions did not participate in the 2021 data collection for Profiles and their data were imported from IPEDS for 2021 degrees awarded:

Alabama A & M University	Geneva College
Alfred University	Georgia Southern University
Anderson University	Hampton University
Andrews University	Harding University
Arkansas Tech University	Hope College
Baker College	Idaho State University
Bates College	Illinois Institute of Technology
Benedictine College	Indiana Institute of Technology
Bethune-Cookman University	Jackson State University
Bob Jones University	James Madison University
California Baptist University	Lake Superior State University
California State University-Bakersfield	Lamar University
California State University-Chico	Lawrence Technological University
California State University-East Bay	LeTourneau University
California State University-Northridge	Liberty University
California State University-San Bernardino	Lipscomb University
Capitol Technology University	Loras College
Carroll College	Loyola University Maryland
Central Connecticut State University	Maine Maritime Academy
Christian Brothers University	Manhattan College
Christopher Newport University	Marietta College
College of Staten Island CUNY	Marshall University
CUNY City College	Massachusetts Maritime Academy
Eastern Illinois University	McNeese State University
Eastern Washington University	Merrimack College
Elizabethtown College	Michigan Technological University
Fairfield University	Middle Tennessee State University
Fairleigh Dickinson University-Metropolitan Campus	Midwestern State University
Ferris State University	Minnesota State University-Mankato
Florida Agricultural and Mechanical University	Mississippi College
Florida Atlantic University	Monmouth University
Florida Gulf Coast University	Montana Technological University
Florida International University	Mount Vernon Nazarene University
Florida Polytechnic University	Murray State University
Fort Lewis College	Muskingum University
Francis Marion University	Navajo Technical University
Frostburg State University	New Mexico Institute of Mining and Technology
Gannon University	Norfolk State University

Northern Arizona University	Trinity University
Northern Illinois University	Tuskegee University
Northwest Nazarene University	Union University
Norwich University	United States Merchant Marine Academy
Oklahoma Christian University	University of Alaska Anchorage
Olivet Nazarene University	University of Bridgeport
Oral Roberts University	University of Central Oklahoma
Pace University	University of Cincinnati-Main Campus
Prairie View A & M University	University of Denver
Purdue University Fort Wayne	University of Evansville
Purdue University Northwest	University of Hartford
Purdue University-Main Campus	University of Maryland Eastern Shore
Quinnipiac University	University of Massachusetts-Dartmouth
Rice University	University of Michigan-Ann Arbor
Robert Morris University	University of Michigan-Flint
Rochester Institute of Technology	University of Minnesota-Duluth
Roger Williams University	University of Missouri-St Louis
Saginaw Valley State University	University of Mount Union
Saint Ambrose University	University of New Haven
Saint Francis University	University of New Orleans
Saint Martin's University	University of North Carolina at Asheville
San Francisco State University	University of North Carolina at Chapel Hill
Seattle Pacific University	University of North Dakota
South Dakota School of Mines and Technology	University of Oklahoma-Norman Campus
Southeast Missouri State University	University of Portland
Southern Arkansas University Main Campus	University of Scranton
Southern Methodist University	University of South Carolina-Columbia
Southern New Hampshire University	University of South Dakota
Southern University and A & M College	University of Southern Indiana
Southern Utah University	University of Southern Maine
State University of New York at New Paltz	University of Southern Mississippi
Stephen F Austin State University	University of Wisconsin-Platteville
SUNY College of Environmental Science and Forestry	University of Wisconsin-Stevens Point
SUNY Maritime College	University of Wisconsin-Stout
Sweet Briar College	Utah Valley University
Tarleton State University	Vaughn College of Aeronautics and Technology
Tennessee State University	Virginia Military Institute
Texas A & M University-Commerce	Walla Walla University
Texas A & M University-Corpus Christi	Webb Institute
Texas A & M University-Kingsville	Weber State University
Texas A&M University-Texarkana	West Texas A & M University
Texas Christian University	West Virginia University Institute of Technology
Texas State University	Western Carolina University
The University of Tennessee-Chattanooga	Western Illinois University
The University of Tennessee-Martin	Western Kentucky University
The University of Texas Rio Grande Valley	Western Washington University
The University of West Florida	Wilkes University
Thomas Jefferson University	Winona State University
Trine University	York College of Pennsylvania
Trinity College	Youngstown State University

American Society for Engineering Education

The American Society for Engineering Education is a non-profit association of more than 10,000 engineering faculty members, U.S. and Canadian colleges of engineering and engineering technology, corporations, and other organizations dedicated to promoting excellence in engineering and engineering technology education. ASEE, which celebrated its centennial in 1993, plays a key role in developing and promoting policies that will enable engineering education to work with allied branches of science and technology to meet the new challenges of global competition and changing demographics.

Mission Statement

ASEE advances innovation, excellence, and access at all levels of education for the engineering profession.

Vision Statement

Excellent and broadly accessible education empowering students and engineering professionals to create a better world.

Values

Excellence, engagement, innovation, integrity, diversity and inclusion.

Goals

ASEE recognizes the term “engineering education” to encompass the full academic spectrum of instruction, research, scholarship, practice, and service. ASEE also has an enduring

commitment to continuous improvement.

In the context of the above two statements, ASEE pursues the following goals:

Innovation - ASEE will advance the development of innovative approaches and solutions to engineering education.

Excellence - ASEE will advance excellence in all aspects of engineering education while continuously improving the member experience.

Access - ASEE will advocate for equal access to engineering educational opportunities for all.

Advocacy and Public Policy - ASEE will be the leading advocate for advancing the broad interests of engineering education.

Communities - ASEE will cultivate an inclusive community that engages all members and values the contributions of all stakeholders.

Communication - ASEE will implement a robust and transparent communication strategy effectively linking all stakeholders.

Diversity and Inclusion - ASEE will promote diversity, broadly defined, by modeling equity and inclusion through its policies and practices.

Internal Organization - ASEE will be a strategic and dynamic organization, with a knowledgeable and responsive staff, that enhances stakeholder engagement.

Financial Stability

ASEE must carefully balance opportunities for investments in activities and programs to meet future needs with our current responsibilities, developing and maintaining a robust cash reserve, and ensuring that expenditures align with the organization's mission.

No	Institutions	Enrollments
1	Arizona State University	5,001
2	Purdue University Polytechnic Institute	4,460
3	Texas A&M University	2,094
4	Ferris State University	2,039
5	East Carolina University	2,000
6	Farmingdale State College (SUNY)	1,541
7	Indiana University-Purdue University Indianapolis	1,107
8	Purdue University Fort Wayne	1,006
9	Rochester Institute of Technology	965
10	New Jersey Institute of Technology	938
11	Eastern Michigan University	928
12	Kennesaw State University	762
13	The University of Toledo	705
14	Old Dominion University	696
15	University of North Carolina at Charlotte	694
16	University of Cincinnati	679
17	Purdue University Northwest, Technology	661
18	San Jose State University	610
19	University of Maine	518
20	Oklahoma State University	514
21	Oregon Institute of Technology	478
22	California State Polytechnic University, Pomona	457
23	University of North Texas	387
24	Montana State University	386
25	University of Wisconsin - Stout	378

Table 123: Top 50 Institutions by Engineering Technology Enrollment (continued)

No	Institutions	Enrollments
26	Western Carolina University	374
27	New Mexico State University	370
28	SUNY Polytechnic Institute	359
29	Buffalo State	336
30	Brigham Young University - Idaho	331
31	Northern Illinois University	315
32	Minnesota State University-Mankato	295
33	University of Hartford	293
34	University of Dayton	278
35	South Dakota State University	266
36	Louisiana Tech University	258
37	Wayne State University	240
38	Ohio University	237
39	Miami University	234
40	University of Louisiana at Lafayette	231
41	Penn State Erie, The Behrend College	229
42	Virginia State University	220
43	University of Tennessee-Chattanooga	215
44	Tennessee Technological University	211
45	The University of Memphis	206
46	Michigan Technological University	199
47	University of Portland	170
48	Trine University	164
49	Western Michigan University	163
50	Drexel University	161

* 122 Institutions reported.

* Enrollment is for full time and part-time Bachelor's degree candidates in engineering technology.

7.2.3 Engineering Technology Enrollment by Gender

Table 124: Engineering Technology Enrollment by Gender

Gender	Percentage
Female	17.4%
Male	82.6%

Engineering Technology Bachelor's Enrollment by Gender

7.2.4 Engineering Technology Enrollment by Race and Ethnicity

Table 125: Engineering Technology Enrollment by Race and Ethnicity*

Ethnicity	Percentage
Black or Afr. American	9.1%
Hispanic	14.6%
Other	4.5%
Asian American	7.5%
White	62.3%
Unknown	2%

* American Indian/Alaska Native 0.5% Native Hawaiian/Other Pacific Islander 0.2%

* and Multiracial 3.9% are combined under other

* Data on ethnicity does not include foreign nationals.

Engineering Technology Enrollment by Race and Ethnicity

7.2.5 Engineering Technology Enrollment by Residency

Table 126: Engineering Technology Enrollment Awarded by Residency

Nationality	Percentage
Foreign	3.8%
Domestic	96.2%

* Enrollment is for full time and part-time Bachelor's degree candidates in engineering technology
* 67 Institutions reported.

Engineering Technology Enrollment Awarded by Residency
